

GenericMemoryBuffer::Put

```
graph LR; A[GenericMemoryBuffer::Put] --> B[GenericMemoryBuffer::Push]; B --> B;
```

The diagram illustrates a sequence of operations. On the left, a gray rectangular box contains the text 'GenericMemoryBuffer::Put'. A straight blue arrow points from the right side of this box to the left side of a white rectangular box on the right. This white box contains the text 'GenericMemoryBuffer::Push' on two lines. A curved blue arrow originates from the top of the white box and points back to its top, indicating a self-call or a loop.
