The diagram illustrates a mapping or dependency. On the left, there are two white rectangular boxes with black borders. The top box contains the text 'sysio::chain::webassembly' followed by '::interface::\_sysio\_f32\_sqrt' on the next line. The bottom box contains 'sysio::vm::binary\_parser' followed by '::parse\_function\_body\_code' on the next line. On the right, there is a smaller, gray rectangular box with the text 'f32\_sqrt'. Two blue arrows originate from the right side of the two white boxes and point towards the left side of the gray box, indicating that both source identifiers point to the 'f32\_sqrt' target.
