

testing::gmock_generated
_actions_test::TEST

```
graph LR; A[testing::gmock_generated_actions_test::TEST] --> B[testing::MakeAction]; A --> C[testing::WithArgs];
```

The diagram illustrates a test function, `testing::gmock_generated_actions_test::TEST`, which is represented in a grey box. Two blue arrows originate from the right side of this box, pointing to two separate white boxes. The top arrow points to `testing::MakeAction`, and the bottom arrow points to `testing::WithArgs`. This visualizes the test function invoking these two mock actions.

testing::MakeAction

testing::WithArgs
