

```
sysio::vm::variant  
< i32_const_t, i64_const  
_t, f32_const_t, f64_const_t >
```

The diagram consists of two rectangular boxes. The top box is white with a black border and contains the text 'sysio::vm::variant' followed by a line of angle brackets containing four type names: '< i32_const_t, i64_const_t, f32_const_t, f64_const_t >'. The bottom box is gray with a black border and contains the text 'sysio::vm::operand_stack_elem'. Two blue arrows originate from the top of the gray box and point upwards to the bottom of the white box, indicating an inheritance or specialization relationship.

```
sysio::vm::operand  
_stack_elem
```
