

chainbase::index_impl
::set_revision

```
graph LR; A[chainbase::index_impl::set_revision] --> B[chainbase::index_impl::revision]
```

A diagram showing a call from the `chainbase::index_impl::set_revision` function to the `chainbase::index_impl::revision` variable. A blue arrow points from the left box to the right box.

chainbase::index_impl
::revision
