

wasm-jit

```
graph TD; subgraph wasm_jit [wasm-jit]; direction LR; Test[Test]; Benchmark[Benchmark]; end
```

The diagram illustrates the relationship between three components. A large, light blue rectangle with a dashed border is labeled 'wasm-jit' at the top center. Inside this rectangle, there is a smaller, solid light blue rectangle. Within this inner rectangle, the word 'Test' is positioned on the left, and a smaller, solid blue rectangle labeled 'Benchmark' is positioned on the right. The 'Benchmark' rectangle is nested within the 'Test' area, indicating it is a sub-component or a specific part of the testing process.
