

A diagram illustrating a file path transformation. It consists of two rectangular boxes, one above the other, connected by a blue arrow pointing upwards. The top box is shaded gray and contains the file path: `libraries/fc/include`, `/fc/crypto/webauthn_json`, `/thirdparty/gtest/gtest`, and `/test/production.cc`. The bottom box is white and contains the file path: `libraries/fc/include`, `/fc/crypto/webauthn_json`, `/thirdparty/gtest/gtest`, and `/test/gtest_all_test.cc`. The blue arrow points from the bottom box to the top box, indicating a mapping or transformation from the test file to the production file.

```
libraries/fc/include  
/fc/crypto/webauthn_json  
/thirdparty/gtest/gtest  
/test/production.cc
```

```
libraries/fc/include  
/fc/crypto/webauthn_json  
/thirdparty/gtest/gtest  
/test/gtest_all_test.cc
```
