

Xbyak::CodeGenerator::mov

```
graph LR; A[Xbyak::CodeGenerator::mov] --> B[Xbyak::CodeGenerator::db]; A --> C[Xbyak::inner::IsInt32];
```

A diagram illustrating a branching point in the Xbyak code generator. A central box labeled 'Xbyak::CodeGenerator::mov' has two outgoing blue arrows. The top arrow points to a box labeled 'Xbyak::CodeGenerator::db', and the bottom arrow points to a box labeled 'Xbyak::inner::IsInt32'.

Xbyak::CodeGenerator::db

Xbyak::inner::IsInt32
