

testing::internal::
ExpectationBase::CheckAction
CountIfNotDone

```
graph LR; A["testing::internal::  
ExpectationBase::CheckAction  
CountIfNotDone"] --> B["testing::internal::  
ExpectationBase::source_text"]
```

The diagram consists of two rectangular boxes connected by a blue arrow pointing from left to right. The left box is white with a black border and contains the text 'testing::internal::', 'ExpectationBase::CheckAction', and 'CountIfNotDone' on three lines. The right box is gray with a black border and contains the text 'testing::internal::' and 'ExpectationBase::source_text' on two lines.
