

```
appbase::impl::method  
_caller< FunctionSig,  
DispatchPolicy >
```

A diagram illustrating inheritance. A light blue box at the bottom contains the text 'appbase::method< Function Sig, DispatchPolicy >'. A blue arrow points upwards from this box to a gray box at the top. The gray box contains the text 'appbase::impl::method_caller< FunctionSig, DispatchPolicy >'. This indicates that 'appbase::impl::method_caller' inherits from 'appbase::method'.

```
appbase::method< Function  
Sig, DispatchPolicy >
```
