

Jit::genVarX

```
graph LR; A[Jit::genVarX] --> B[Xbyak::CodeGenerator::movsd]
```

A diagram showing a call from a function named `Jit::genVarX` to a function named `Xbyak::CodeGenerator::movsd`. The first function is in a grey box, and the second is in a white box. A blue arrow points from the first box to the second.

Xbyak::CodeGenerator  
::movsd
