

sysio::wallet::wallet_api

```
graph BT; SW[sysio::wallet::soft_wallet] --> WA[sysio::wallet::wallet_api];
```

The diagram illustrates a dependency between two modules. At the bottom is a gray rectangular box containing the text 'sysio::wallet::soft_wallet'. A blue arrow points vertically upwards from the top center of this box to the bottom center of a white rectangular box at the top. The white box contains the text 'sysio::wallet::wallet_api'. This indicates that the 'wallet_api' module depends on the 'soft_wallet' module.
