

WAST::StaticData::StaticData

```
graph LR; A[WAST::StaticData::StaticData] --> B[NFA::createBuilder]; B --> C[NFA::addState];
```

The diagram illustrates a three-step process flow. It begins with a box labeled 'WAST::StaticData::StaticData', followed by an arrow pointing to a box labeled 'NFA::createBuilder', which then points to a final box labeled 'NFA::addState'. The final box is shaded gray, while the others are white.

NFA::createBuilder

NFA::addState
