The diagram illustrates a relationship between two source code identifiers and a target code generator. On the left, there are two identical white rectangular boxes, each containing the text 'CYBOZU_TEST_AUTO'. Blue arrows originate from the right side of each box and point towards a single gray rectangular box on the right. This gray box contains the text 'Xbyak::CodeGenerator' on the top line and '::CodeGenerator' on the bottom line, representing a namespace or class structure.
