

CLI::Option::get\_type\_name

```
graph LR; A[CLI::Option::get_type_name] --> B[CLI::Validator::get_description]
```

A diagram illustrating a function call. On the left, a gray rectangular box contains the text 'CLI::Option::get\_type\_name'. A blue arrow points from the right side of this box to the left side of a white rectangular box on the right. The white box contains the text 'CLI::Validator::get\_description'.

CLI::Validator::get  
\_description
