

internal::Double::NextPositive  
Double

```
graph LR; A["internal::Double::NextPositive  
Double"] --> B["internal::Double::Double"]; A --> C["internal::Double::Sign"]
```

The diagram illustrates a branching structure. On the left, a gray rectangular box contains the text "internal::Double::NextPositive" on the top line and "Double" on the bottom line. Two blue arrows originate from the right side of this box. The top arrow points to a white rectangular box containing the text "internal::Double::Double". The bottom arrow points to another white rectangular box containing the text "internal::Double::Sign".
