

fc::raw::unpack\_file

```
graph LR; A[fc::raw::unpack_file] --> B[fc::mapped_region::get_size]
```

A diagram showing a call from the function `fc::raw::unpack_file` to the function `fc::mapped_region::get_size`. The first function is in a white box, and the second is in a gray box, connected by a blue arrow.

fc::mapped\_region::  
get\_size
