

testing::gmock_more
_actions_test::TEST

testing::gmock_more
_actions_test::TEST

testing::gmock_more
_actions_test::SumOf4

```
graph LR; A[testing::gmock_more_actions_test::TEST] --> C[testing::gmock_more_actions_test::SumOf4]; B[testing::gmock_more_actions_test::TEST] --> C;
```

The diagram illustrates a mapping from two test macros to a single function. On the left, two white boxes with black borders contain the text 'testing::gmock_more_actions_test::TEST'. Blue arrows point from each of these boxes to a single gray box on the right. The gray box contains the text 'testing::gmock_more_actions_test::SumOf4'. This suggests that both test macros are associated with or point to the 'SumOf4' function within the 'testing::gmock_more_actions_test' namespace.
