```

The diagram illustrates a relationship between two test cases and a testing utility. On the left, there are two identical white rectangular boxes, each containing the text 'BOOST\_AUTO\_TEST\_CASE'. Blue arrows point from the right side of each of these boxes to a single gray rectangular box on the right. This gray box contains the text 'sysio::testing::base' on the top line and '\_tester::push\_block' on the bottom line. The gray box has a black border and a dark gray fill.
