

apply_verify_mechanism_init

```
graph LR; A[apply_verify_mechanism_init] --> B[mechanism::mechanism]
```

A diagram showing a function call. On the left, a gray rectangular box contains the text 'apply_verify_mechanism_init'. A blue arrow points from the right side of this box to the left side of a white rectangular box on the right. The white box contains the text 'mechanism::mechanism'.

mechanism::mechanism
