

Catch::AssertionResult  
::succeeded

```
graph LR; A["Catch::AssertionResult  
::succeeded"] --> B["Catch::isOk"]
```

A diagram illustrating a state transition. On the left, a gray rectangular box contains the text "Catch::AssertionResult" on the top line and "::succeeded" on the bottom line. A blue arrow points from the right side of this box to the left side of a white rectangular box on the right. The white box contains the text "Catch::isOk".

Catch::isOk
