

internal::Schema::String

```
graph LR; A[internal::Schema::String] --> B[internal::CountStringCodePoint]
```

The diagram consists of two rectangular boxes connected by a blue arrow. The left box is shaded gray and contains the text 'internal::Schema::String'. The right box is white with a black border and contains the text 'internal::CountStringCodePoint' on two lines. A blue arrow points from the right side of the left box to the left side of the right box.
