

```
sysio::chain::unapplied  
_transaction_queue::clear  
_applied
```

The diagram consists of two rectangular boxes connected by a blue arrow pointing from left to right. The left box is filled with a solid gray color and contains the text 'sysio::chain::unapplied_transaction_queue::clear_applied'. The right box is white with a thin gray border and contains the text 'sysio::chain::unapplied_transaction_queue::empty'. The blue arrow is positioned between the two boxes, pointing towards the right box.

```
sysio::chain::unapplied  
_transaction_queue::empty
```
