

sysio::wallet::gen
_password

```
graph LR; A[sysio::wallet::gen_password] --> B[fc::crypto::private_key::generate]; B --> C[fc::crypto::private_key::private_key]
```

The diagram illustrates a three-step process for generating a private key. It begins with a gray box containing the text 'sysio::wallet::gen_password'. A blue arrow points from this box to a white box containing 'fc::crypto::private_key::generate'. A second blue arrow points from this middle box to a final white box containing 'fc::crypto::private_key::private_key'.
