The diagram illustrates a file dependency structure. At the top is a header file box containing the path 'plugins/trace_api_plugin /utils/include/sysio/trace _api/cmd_registration.hpp'. Below it are two source file boxes. The left box contains 'plugins/trace_api_plugin /utils/compress_cmd.cpp' and the right box contains 'plugins/trace_api_plugin /utils/trace_api_util.cpp'. Two blue arrows point from the bottom of each source file box to the bottom of the header file box, indicating that both source files include this header.
