testing::StrCaseNe

```
graph LR; A[testing::gmock_matchers_test::TEST] --> C[testing::StrCaseNe]; B[testing::gmock_matchers_test::TEST] --> C;
```

The diagram illustrates a mapping from two test cases to a single function. On the left, there are two identical white rectangular boxes, each containing the text 'testing::gmock\_matchers\_test::TEST'. Blue arrows point from the right side of each box to a single gray rectangular box on the right, which contains the text 'testing::StrCaseNe'.
