

`std::exception`

```
graph BT; A[Catch::GeneratorException] --> B[std::exception];
```

The diagram illustrates an inheritance relationship. At the bottom is a gray rectangular box containing the text `Catch::GeneratorException`. From the top center of this box, two blue curved arrows point upwards towards the bottom edge of a white rectangular box above it. This white box contains the text `std::exception`. The arrows indicate that `Catch::GeneratorException` inherits from `std::exception`.

`Catch::GeneratorException`
