

testing::internal::TEST

```
graph LR; A[testing::internal::TEST] --> B[testing::internal::ImplicitCast_];
```

The diagram consists of two rectangular boxes connected by a blue arrow pointing from left to right. The left box is gray and contains the text 'testing::internal::TEST'. The right box is white and contains the text 'testing::internal::ImplicitCast\_'. The arrow is a solid blue line with a triangular head pointing towards the right box.
