

sysio::chain::webassembly
::unpack_provided_permissions

```
graph LR; A["sysio::chain::webassembly  
::unpack_provided_permissions"] --> B["fc::raw::unpack"]; B --> B;
```

The diagram illustrates a function call. A grey rectangular box on the left contains the text 'sysio::chain::webassembly' followed by '::unpack_provided_permissions' on a new line. A blue arrow points from the right side of this box to a white rectangular box on the right. The white box contains the text 'fc::raw::unpack'. A blue curved arrow originates from the top of the white box and points back to the top of the same box, indicating a self-call or a loop.

fc::raw::unpack
