

fc::api_connection
::register_callback

fc::binary_api_connection
::register_callback

fc::detail::to_generic

```
graph LR; A["fc::api_connection::register_callback"] --> C["fc::detail::to_generic"]; B["fc::binary_api_connection::register_callback"] --> C;
```

The diagram illustrates a mapping or inheritance relationship. Two source functions, 'fc::api_connection::register_callback' and 'fc::binary_api_connection::register_callback', are shown in white boxes on the left. Two blue arrows point from these source functions to a single target function, 'fc::detail::to_generic', which is shown in a gray box on the right.
