

fc::to_variant

```
graph LR; A[fc::to_variant] --> B[fc::float64_to_double]; B --> C[memcpy]
```

A flowchart with three rectangular boxes connected by blue arrows. The first box on the left is shaded gray and contains the text 'fc::to_variant'. A blue arrow points from this box to a second, white box in the middle containing 'fc::float64_to_double'. Another blue arrow points from the second box to a third, white box on the right containing 'memcpy'. All boxes have a thin black border.

fc::float64_to_double

memcpy
