

Xbyak::Operand

```
graph BT; A[Xbyak::Reg] --> B[Xbyak::Operand];
```

A diagram illustrating inheritance. A light gray box labeled 'Xbyak::Reg' is positioned below a white box with a black border labeled 'Xbyak::Operand'. A blue arrow points upwards from the 'Xbyak::Reg' box to the 'Xbyak::Operand' box, indicating that 'Xbyak::Reg' inherits from 'Xbyak::Operand'.
