The diagram illustrates a function call. A gray rectangular box on the left contains the text `sysio::chain::eosvmoc::code_cache_base::serialize_cache_index`. A blue arrow points from the right side of this box to a white rectangular box on the right. The white box contains the text `fc::raw::pack`. A blue curved arrow originates from the top of the white box and points back to the top of the white box, representing a self-call or a loop.
