

sysio::chain::is_onblock

```
graph LR; A[sysio::chain::is_onblock] --> B[sysio::chain::name::name];
```

The diagram consists of two rectangular boxes connected by a blue arrow pointing from left to right. The left box is gray and contains the text 'sysio::chain::is_onblock'. The right box is white and contains the text 'sysio::chain::name' on the top line and '::name' on the bottom line.

sysio::chain::name
::name
