

```
websocketpp::transport  
::asio::tls_socket::connection  
::post_init
```

A diagram showing a function call. A light blue box on the left contains the code for the `post_init` method. A blue arrow points from this box to a gray box on the right, which contains the code for the `get_shared` method. This indicates that `post_init` calls `get_shared`.

```
websocketpp::transport  
::asio::tls_socket::connection  
::get_shared
```
