

utf8::unchecked::iterator
::operator--

utf8::unchecked::iterator
::operator--

utf8::unchecked::previous

utf8::unchecked::prior

```
graph LR; A[utf8::unchecked::iterator<br/>::operator--] --> D[utf8::unchecked::prior]; B[utf8::unchecked::iterator<br/>::operator--] --> D; C[utf8::unchecked::previous] --> D;
```

The diagram illustrates a mapping or relationship between three different iterator decrement functions on the left and a single prior function on the right. Three light blue arrows originate from the right side of each of the three left boxes and converge on the left side of the right box. The left boxes are white with black borders, while the right box is solid gray.
