

libraries/sys-vm/include
/sysio/vm/function_traits.hpp

```
graph TD; A["libraries/sys-vm/include<br/>/sysio/vm/function_traits.hpp"] --> B["type_traits"]; A --> C["tuple"]
```

The diagram illustrates the dependencies of the header file `function_traits.hpp`. It is located in the path `libraries/sys-vm/include`. Two blue arrows point from the header file box to two separate boxes below it: `type_traits` on the left and `tuple` on the right, indicating that `function_traits.hpp` depends on both of these headers.

type_traits
