

BOOST_AUTO_TEST_CASE

BOOST_AUTO_TEST_CASE

fc::crypto::webauthn
::signature::recover

```
graph LR; A[BOOST_AUTO_TEST_CASE] --> C[fc::crypto::webauthn::signature::recover]; B[BOOST_AUTO_TEST_CASE] --> C;
```

The diagram illustrates two test cases, both labeled 'BOOST_AUTO_TEST_CASE', pointing via blue arrows to a single function box. The function box is shaded gray and contains the text 'fc::crypto::webauthn' on the first line and '::signature::recover' on the second line.
