

Catch::AssertionResult
::succeeded

```
graph LR; A["Catch::AssertionResult  
::succeeded"] --> B["Catch::isOk"]
```

The diagram consists of two rectangular boxes connected by a blue arrow pointing from left to right. The left box is gray and contains the text 'Catch::AssertionResult' on the top line and '::succeeded' on the bottom line. The right box is white and contains the text 'Catch::isOk'.

Catch::isOk
