

ParserJit::ParserJit

```
graph LR; A[ParserJit::ParserJit] --> B[Jit::genSub]
```

A diagram showing a call from the `ParserJit::ParserJit` function to the `Jit::genSub` function. The `ParserJit::ParserJit` box is white with a black border, and the `Jit::genSub` box is gray with a black border. A blue arrow points from the left box to the right box.

Jit::genSub
