

sysio::chain::producer  
\_authority\_schedule::to  
\_shared

```
graph LR; A["sysio::chain::producer  
_authority_schedule::to  
_shared"] --> B["producers"]
```

The diagram consists of two rectangular boxes connected by a blue arrow pointing from left to right. The left box is gray and contains the Rust module path `sysio::chain::producer`, `_authority_schedule::to`, and `_shared` on three separate lines. The right box is white and contains the word `producers` on a single line.

producers
