

`internal::DiyFp::Normalize`

```
graph LR; A[internal::DiyFp::Normalize] --> B[internal::DiyFp::DiyFp]
```

A diagram showing a function call. On the left, a gray rectangular box contains the text `internal::DiyFp::Normalize`. A blue arrow points from the right side of this box to the left side of a white rectangular box on the right. The white box contains the text `internal::DiyFp::DiyFp`.
