

testReset

```
graph LR; A[testReset] --> B[Xbyak::CodeArray::getCode]
```

A diagram showing a call from a function named 'testReset' to a method named 'Xbyak::CodeArray::getCode'. The 'testReset' box is on the left, shaded gray, and the 'Xbyak::CodeArray::getCode' box is on the right, white. A blue arrow points from the right side of the 'testReset' box to the left side of the 'Xbyak::CodeArray::getCode' box.

Xbyak::CodeArray::getCode
