

perftest::on_message

```
graph LR; A[perftest::on_message] --> B[websocketpp::endpoint::close]
```

A diagram showing a call from the `perftest::on_message` function to the `websocketpp::endpoint::close` method. The source function is in a grey box on the left, and the target method is in a white box on the right. A blue arrow points from the source to the target.

websocketpp::endpoint
::close
