

CLI::AsNumberWithUnit
::AsNumberWithUnit

CLI::CheckedTransformer
::CheckedTransformer

CLI::Transformer::Transformer

CLI::detail::generate_map

```
graph LR; A["CLI::AsNumberWithUnit  
::AsNumberWithUnit"] --> D["CLI::detail::generate_map"]; B["CLI::CheckedTransformer  
::CheckedTransformer"] --> D; C["CLI::Transformer::Transformer"] --> D;
```

The diagram illustrates three source components on the left, each with a blue arrow pointing to a single target component on the right. The source components are: 1. CLI::AsNumberWithUnit ::AsNumberWithUnit (top), 2. CLI::CheckedTransformer ::CheckedTransformer (middle), and 3. CLI::Transformer::Transformer (bottom). The target component is CLI::detail::generate_map, which is highlighted with a gray background. The arrows indicate a flow or dependency from the source components to the target function.
