

mock\_con::start

```
graph LR; A[mock_con::start] --> B[websocketpp::transport::asio::connection::init];
```

The diagram consists of two rectangular boxes connected by a blue arrow pointing from left to right. The left box is white with a black border and contains the text 'mock\_con::start'. The right box is gray with a black border and contains the text 'websocketpp::transport::asio::connection::init'.
