

f32\_eq

```
graph LR; f32_eq[f32_eq] --> softfloat_raiseFlags[softfloat_raiseFlags]
```

A diagram showing a flow from a box labeled 'f32\_eq' to a box labeled 'softfloat\_raiseFlags'. The 'f32\_eq' box is gray, and the 'softfloat\_raiseFlags' box is white. A blue arrow points from the right side of the 'f32\_eq' box to the left side of the 'softfloat\_raiseFlags' box.

softfloat\_raiseFlags
