

CBigNum::GetHex

```
graph LR; A[CBigNum::GetHex] --> B[CBigNum::ToString]; B --> C[CBigNum::getulong];
```

A flowchart illustrating a sequence of three CBigNum methods. The first method, CBigNum::GetHex, is highlighted with a gray background. A blue arrow points from it to the second method, CBigNum::ToString, which has a white background. Another blue arrow points from the second method to the third method, CBigNum::getulong, also with a white background. All three methods are contained within rectangular boxes with black borders.

CBigNum::ToString

CBigNum::getulong
