

`fc::bigint::operator/=`

```
graph LR; A[fc::bigint::operator/=] --> B[fc_swap]
```

A diagram showing a mapping from the function `fc::bigint::operator/=` to `fc_swap`. The left box is gray and contains the text `fc::bigint::operator/=`. A blue arrow points from this box to a white box on the right containing the text `fc_swap`. Both boxes have a dark gray border.

`fc_swap`
