```

A diagram illustrating a relationship between two C++ namespace configurations. At the bottom is a gray rectangular box containing the text 'websocketpp::config' followed by '::asio_tls::transport' and '_config' on separate lines. A blue arrow points vertically upwards from the top center of this box to the bottom center of a white rectangular box above it. The white box contains the text 'websocketpp::config' followed by '::core::transport_config' on separate lines.
